PART I

ITEM 1 BUSINESS

We are in the business of selling technology and services to legal aid organizations, state and local bar associations, federal, state and local courts, and government agencies. As part of these sales we enter into strategic partnerships with these organizations in order to create statewide consumer hubs for access to legal services and a virtual law office environment for attorneys. Our plan is to secure a central position in the rapidly expanding market for delivery of unbundled legal services to consumers, as well as the large and growing market for legal support technology and services.

CORPORATE HISTORY AND OVERVIEW OF THIS YEARS KEY EVENTS

We were incorporated in the state of Nevada on July 20, 1989. Through 1995, we were a development stage company until we acquired Genesis Health Management Corporation ("Genesis") and Geriatric Care Centers of America ("GCCA"), two companies involved in the health care management business, specializing in geriatric and psychiatric care. In 1999, we consolidated these two companies into a third Nevada corporation, Perspectives Health Management Corp., under which we continued to operate these businesses until we sold our hospital contracts to Horizon Mental Health Management, Inc. (Horizon) effective September 31, 2001.

On June 12, 2001, in a transaction commonly referred to as a reverse acquisition and accounted for as a purchase, Tele-Lawyer, Inc. effectively acquired us. In the process, we changed our name from Dynamic Associates, Inc. to Legal Access Technologies, Inc. ("LATI") and Tele-Lawyer became a wholly-owned subsidiary of LATI. In a reverse acquisition, the legal acquirer is treated for financial reporting purposes as the accounting acquiree. Consequently, our financial statements are prepared as if Tele-Lawyer acquired LATI as of June 12, 2001, rather than the opposite, which actually occurred for state corporate law purposes.

As a result, our year-end changed from December 31 to April 30, which was Tele-Lawyer's year-end. For historical financial information regarding Dynamic Associates and Perspectives, please refer to Dynamic's 10KSB filing on April 16, 2001, which is incorporated herein by reference.

As a consequence of the reverse acquisition agreement, we took the following actions as of June 12, 2001:

1. REDUCTION IN DEBT. We converted over 97% of our outstanding note holder debt into common stock. Each of the note holders, with the exception of one note holder, agreed to convert their debt obligation into common stock at a rate of \$0.15 of debt for each share of common stock. This resulted in a remaining note payable of \$203,500, plus accrued interest of \$30,525 as of July 31, 2001.
2. REVERSE SPLIT OF STOCK. We conducted a reverse split of our common stock prior to consummation of the Agreement at a rate of 1 share of new common stock for every 153 shares of issued stock, effectively reducing our issued and outstanding common stock (before issuance

2

<PAGE>

of shares to the Tele-Lawyer shareholders) to approximately 490,096 shares (after adjustments). No fractional shares were issued. Shareholders received one additional share for any fractional share resulting from the reverse split. Shareholders with less than 153 shares were paid the value of their shares based on the closing price for our common stock on April 30, 2001, the record date for the determination of the shareholder's right to vote at the annual meeting. The closing price on that date was \$0.01 per share. We thus reduced our issued and outstanding shares from 74,966,435 to 490,096, or over 99%, prior to consummation of the Agreement.

3. ISSUANCE OF COMMON STOCK TO TELE-LAWYER SHAREHOLDERS. We issued Tele-Lawyer shareholders approximately 5,354,997 shares of our common stock in exchange for all their Tele-Lawyer common stock. We thus had 5,845,093 shares of common stock issued and outstanding immediately following the reverse acquisition, or a reduction of over 92% based on the number of shares outstanding pre-stock split.
4. ISSUANCE OF OPTIONS AND WARRANTS. Following shareholder's approval of our new stock option plan, we issued options to purchase 285,000 shares of common stock at \$1 per share, options to purchase an additional 441,231 shares of common stock at \$3 per share, and warrants to purchase 458,880 shares of common stock at \$3 per share.
5. NAME CHANGE. We changed our name from Dynamic Associates, Inc. to Legal Access Technologies, Inc. This was done through an amendment to our articles of incorporation, which was approved by our shareholders on June 11, 2001, and filed with the Nevada Secretary of State on June 12, 2001.

In addition, following the consummation of the reverse acquisition agreement:

1. We developed a plan for the disposition of the assets of Perspectives as a means of financing our business activities. The plan was accomplished effective September 31, 2001, when we assigned all of our hospital management contracts for \$2.9 million in cash to Horizon Mental Health Management, Inc. At the same time, we entered into a letter agreement with Horizon's parent corporation to handle the collection of our \$5,886,427 in outstanding receivables in exchange for 50% of any accounts actually collected during the 3-year term of the agreement. Horizon has further agreed to pay all costs of collection from its portion of the proceeds. As of April 30, 2002, the estimated net realizable value of the remaining accounts receivable balance, after an allowance for estimated doubtful accounts and collection fees is \$1,205,225.

As of April 30, 2002, there were 112 record holders of our common stock.

We have not previously declared or paid any dividends on our common stock and do not anticipate declaring any dividends in the foreseeable future. We did not sell or conduct an offering of our stock during 2001-2002; however, we issued a number of shares of our common stock both prior to and after the reverse acquisition with Tele-Lawyer and our reverse stock split as follows:

1. We issued a total of 56,580,006 shares of our common stock from January 1, 2001 through June 1, 2001 at a deemed value of \$0.15 per share, to our note holders pursuant under an exemption

26

<PAGE>

from registration provided by Regulation S of the US Securities Laws in exchange for the conversion of the note holder's debt. This occurred prior to our reverse acquisition with Tele-Lawyer and the reverse split of our stock.

2. We issued out 5,354,997 shares of our common stock to Tele-Lawyer shareholders in June 2001 as part of our acquisition of that company. The shares were issued out under an exemption from registration provided by Rule 506 of Regulation D of the US Securities Laws.

3. We issued 126,139 shares of our common stock to our former directors and officers in consideration of the cancellation of our obligation to them for past due salaries in June 2001 following the reverse acquisition with Tele-Lawyer and our reverse stock split. The shares were issued out under a general exemption from registration provided by Section 4(2) of the US Securities Laws.

4. We issued 100,000 shares of our common stock to several of our officers and key employees as a bonus. The shares were issued out under a general exemption from registration provided by Section 4(2) of the US Securities Laws.

In addition, during the most recent fiscal year, we issued options to purchase 285,000 common shares at \$1 per share and options to purchase an additional 740,203 common shares at \$3 per share of which options to purchase 127,703 common shares expired during the year leaving options to purchase a net of 612,500 common shares at \$3 per share outstanding at year end. These options were issued to employees and consultants and generally contain restrictions on vesting and exercise.

We also issued warrants to purchase 510,000 common shares at \$3 per share and warrants to purchase 10,000 shares at \$1.50 per share. These warrants were issued to a variety of individuals in exchange for reacquiring territory rights for Tele-Lawyer, for services rendered and for the granting of two loans.

ITEM 6 MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

FISCAL 2002 OVERVIEW

Over this past fiscal year, we have successfully acquired the Tele-Lawyer business and discontinued our previous operations. In this process, we (a) changed our name from Dynamic Associates to Legal Access Technologies, (b) converted \$8,599,085 of our then existing debt into equity, (c) rolled back our

terms from another shareholder and relative of the CEO. This loan totaled \$100,000 and was paid in full in October 2001, including interest of \$2,953.

LATI also borrowed \$75,000 each from two shareholders that was both borrowed and repaid in full during the most recent fiscal year, including interest and penalty for late payment of \$1,125. The note was collateralized with Company receivables. In further consideration for this loan, LATI issued the shareholders warrants to purchase a total of 10,000 shares (5,000 shares each) of the Company's common stock at an exercise price of \$1.50 per share.

A law firm partially owned by the Company's CEO performs services for the Company. These services totaled approximately \$88,000 in 2001 and 2002 combined, of which a substantial portion was incurred by Dynamic prior to the reverse acquisition.

8. INCOME TAXES:

The Company's effective tax rate differs from the federal statutory rate due to a 100% valuation allowance effectively provided for any tax benefits that may result from net operating losses incurred, because of uncertainty discussed in Note 9 under "Management Plans" below.

As of the most recent balance sheet date presented, the Company has available unused operating loss carryforwards of approximately \$3,200,000 expiring through April 30, 2022.

9. COMMITMENTS AND CONTINGENCIES:

LEASES. The Company has an operating lease commitment for office facilities expiring May 31, 2006, with the option to terminate the lease May 31, 2004, with payment of a three-month penalty. Rent expense for the most recent and prior operating periods presented was approximately \$174,000 and \$128,000. Future minimum lease payments are approximately \$220,000 per year through May 2004. The Company subleases approximately 17% of the space to a law firm in which an officer / shareholder of the Company is the managing principal. Minimum related party annual sub-rentals are approximately \$37,000 through May 2004.

PROFESSIONAL LIABILITY AND LICENSING. Much of the Company's expected revenues are to be generated from law-related services. While any services requiring a license to practice law are to be offered only by licensed attorneys, the Company's relationship with these attorneys entails a risk of professional liability claims as well as ethical and other actions by state bar associations or other state regulatory organizations. In addition, services the Company provides directly to callers and website users, such as automated form preparation, access to certain published legal information, or referrals to third party

<PAGE>

legal services, among others, may create similar liability for injuries incurred in connection with using the service. The Company plans to purchase insurance (but is currently uninsured) for such claims, if any. The Company also believes that its operations are consistent with state licensure laws. However, actions by state bar or government regulatory organizations for violations of these statutes could have a substantial adverse effect on the Company's future financial position, results of operations, and cash flows.
